GLOBAL HIGHTECH TEAMWORK

IHI Hauzer Techno Coating is an international high-tech organization, with over 240 employees and branches in Venlo, Yokohama, Shanghai, Barcelona and Olten. At our home base in Venlo, we develop and assemble plasma coating systems with vacuum, sputtering and arc evaporation technology, that find their way around the globe, to customers with notable names. At this medium-sized company, lines are still short and you can make a difference. Hauzer was founded in 1983 and became part of the Japanese IHI Group in 2008. The IHI Group is a group of over 200 companies worldwide, totaling over 29,000 employees.

PROCESS ENGINEER

CROMATIPIC PLANT BARCELONA, SPAIN

Cromatipic is an environmentally friendly technology, setting the new standard in chrome finishing. We offer our Cromatipic technology as part of a turnkey factory including all equipment necessary.

WHAT CHARACTERIZES THIS JOB?

- Managing the installation (lacquer + PVD) and start-up of new production equipment and tools;
- Defining and optimizing the process parameters for assuring the requirements in quality, productivity and cost;
- Analysing of the process and flows, studying and designing the production lines and automatization;
- Responsible for process control, analyzing the deviations and implementing actions plans;
- Leading the industrialization of new products;
- Responsible of the manufacturing of new samples for customers;
- Participating in the quotation procedure for the technical point of view;
- Writing the production methods and production parameters data sheet;
- Responsible of implementation of ISO/TS normative together with the Production Supervisor.

You will report to the Business Unit Manager.

WHAT DO WE ASK?

- A Bachelor or Master degree in Chemical engineering or similar;
- At least five years of experience as a process engineer in the plastic paint development industry or in the plastic paint application industry;
- Experience in UV curing and PVD (sputtering);
- Fluent in English (must) and Spanish (optional);

WHAT DO WE HAVE TO OFFER?

Apart from good primary and secondary conditions, Hauzer offers an environment with room for personal development and initiative while working in an enthusiastic and dedicated team of colleagues who strive for quality and innovation.
