GLOBAL HIGHTECH TEAMWORK

IHI Hauzer Techno Coating is an international high-tech organization, with over 210 employees and branches in Venlo, Barcelona, Yokohama, Shanghai and Olten. At our home base in Venlo, we develop and assemble plasma coating systems with vacuum, sputtering and arc evaporation technology, that find their way around the globe, to customers with notable names. At this medium-sized company, lines are still short and you can make a difference. Hauzer was founded in 1983 and became part of the Japanese IHI Group in 2008. The IHI Group is a group of more than 210 companies totalling up to 29,000 employees.

SOFTWARE ENGINEER

WHAT CHARACTERIZES THIS JOB?

As a Software Engineer you play an important role in specifying the functional and technical specifications for our machines.

Next to setting up, programming and simulating necessary software for the operating system, you will also take care of the testing of the software on the machines.

From out our Venlo office you will take care of remote service and support, solving any problems our worldwide customers might have. When needed you will travel to our worldwide customers to solve a problem.

You will closely cooperate with other disciplines like Electrical, Process and Mechanical Engineering. Eventually you will develop yourself into an all-rounder on both PLC and HMI Software.

You will be part of the Software Engineering department existing out of 9 direct colleagues. You will be reporting to the Manager Software Engineering.

WHAT DO WE ASK?

- A bachelor's degree in Software Engineering / Industrial Automation / Control Technology, or similar;
- Demonstrable affinity with industrial automation;
- Knowledge of PLC programming, preferably with Siemens S7 & TIA Portal;
- Knowledge of Scada software is a pre but not a must;
- Max 3 years of working experience;
- You master the Dutch and English language fluently;
- You can work both independently as well as in a team;
- A flexible attitude is essential;
- You are willing to travel worldwide when needed.

WHAT DO WE HAVE TO OFFER?

Apart from good primary and secondary conditions, Hauzer offers an environment with room for personal development and initiative while working in an enthusiastic and dedicated team of colleagues who strive for quality and innovation.
